PROFESSIONAL SUMMARY

Telecommunications and Network Engineer with 9+ years of experience in DWDM/OTN transmission systems, submarine cable operations, IP/MPLS networks, and nationwide telecom infrastructure. Experienced in multi-vendor environments including Huawei, Ciena, and NEC with expertise in incident management, network reliability, service delivery, and operational optimization.

CORE TECHNICAL SKILLS

- Optical Transmission: DWDM, OTN, SDH
- Network Technologies: IP/MPLS, VPN, IPv4, STP
- Network Operations: NOC Operations, EMS/NMS Monitoring, Incident Management
- Vendors & Platforms: Huawei Optix, Ciena SLT, NEC SLT
- Infrastructure: Nationwide Telecom Network, Submarine Cable Systems
- Enterprise Technologies: VMware, Network Security Basics
- Service Operations: SLA/KPI Management, RCA, Change Management
- Tools & Methodologies: ITIL Practices, Kaizen, 6S

PROFESSIONAL EXPERIENCE

Assistant Manager – Transmission

Bangladesh Data Center Company Limited | Apr 2024 – Present

- Manage nationwide optical transmission operations ensuring high service availability and SLA compliance.
- Monitor and troubleshoot DWDM/OTN network infrastructure in multi-vendor environments.
- Lead incident response, root cause analysis (RCA), and escalation management for critical network issues.
- Support network capacity planning, transmission expansion, and service onboarding activities.

Sr. Deputy Director – Head of Service (IT Products)

Walton Digi-Tech Industries Ltd. | Nov 2022 – Apr 2024

- Led nationwide technical service operations across 83 service locations and 43 product categories.
- Managed service performance, operational KPIs, and customer escalation handling.

- Implemented Kaizen and 6S methodologies to improve operational efficiency.

Executive Engineer

Square Pharmaceuticals Limited | Nov 2020 – Oct 2021

- Managed operation and maintenance of industrial pharmaceutical equipment.
- Developed preventive maintenance schedules and technical SOPs.

Assistant Manager – NOC

Bangladesh Submarine Cable PLC | Dec 2018 – Nov 2020

- Managed 24/7 NOC operations for the SMW-5 international submarine cable system.
- Monitored telecom infrastructure using EMS/NMS platforms across NEC and Ciena environments.
- Supported service provisioning, network maintenance, and operational continuity.

Jr. System Engineer – NOC

Bangla Phone Limited | Oct 2016 – Dec 2018

- Monitored and troubleshoot telecom network infrastructure using NMS and CLI tools.
- Supported nationwide SDH, OTN, STP, and DWDM network operations.

EDUCATION

M.Sc. in Electrical & Electronic Engineering (EEE)

Bangladesh University of Engineering and Technology (BUET) | 2023

B.Sc. in Electrical & Electronic Engineering (EEE)

Bangladesh University of Engineering and Technology (BUET) | 2016

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified Networking Professional
- Oracle Cloud Infrastructure 2025 Certified Architect Associate
- Kaizen Approach – Lean Methodology for Continuous Improvement
